Memo to Yakima Project File

Harold MacLean
Assistant Building Official
Yakima County Public Services
Building and Fire Safety Division
128 North 2nd St
Yakima, Washington. 98901
Phone: (509) 574-2300

On January 26, 2012 at approximately 4:15pm, I, Chan Pongkhamsing, spoke with Harold MacLean on the telephone.

Our conversation went as follows:

Chan: Are there any requirements that Yakima County has for lagoon construction at dairies?

Mr. MacLean: "The only requirement on lagoon construction is a grading permit based on the International Building Code."

Chan: Do you have many application permits for grading of lagoon construction in Yakima County?

Mr. MacLean: "We do very few to none lagoon grading permits here in Yakima County."

Chan: Where can I find the code and requirements for grading for lagoon construction?

Mr. MacLean: "Yakima County Code Chapter 16, Appendix J."
